

27<sup>th</sup> March

Good morning everyone. I am sure that you are all getting used to working from home and adjusting to a new rhythm of daily life. A massive thank you to everyone who has been sending in photos of their work using the class dojo system. It has been wonderful seeing you all continue to produce great quality work. It is even better for your parents to see this too! What is even more unique is that we can all celebrate your child's work and appreciate it together on a daily basis. Every cloud, eh?

We are continuing with Place Value this weekend and will do so for the next week or so.

Here is your first task.

Can you find the numbers in the wordsearch? When you have found them, write them as words next to the numbers.

Here is a blank template. You can fill the grid in with numbers and then challenge someone to find certain numbers. The best way to do this is to first write the numbers you want someone to find, and then write lots of other letters around them. Have fun!

I have tried and tried to copy and paste a normal spellings worksheet but it is driving me absolutely mad so the instructions are below and the words are on the next page.

Your spellings this week contain lots of **homophones** (words that sound the same but are spelt differently). In the test, you'll be given each word in a sentence so you know which one to write.

For the Literacy part of your homework this weekend, please write a sentence to show that you know the meaning of the word.

Y3: Friday 27<sup>th</sup> March 2020

**Words to learn for test FRIDAY 3rd April**

*Green words - everyone must learn to spell these words*

*Blue words - most people will learn to spell these words too*

*Red words - some people will also learn these words*

(Parents: Please make a copy of the words before the books are handed in so that you can continue to practise at home!)
