

|                              |  |
|------------------------------|--|
| <p><b>MATHS</b></p>          | <p><u>LO: Fraction revision</u></p> <p>Today you will be revising what we learnt about fractions a couple of weeks ago in school. <b>Remember!</b></p> <ul style="list-style-type: none"> <li>• A fraction is an equal part of a whole</li> <li>• The horizontal line in a fraction can be understood as ‘out of’</li> <li>• The denominator (bottom number) tells you how many equal parts the whole has been split into</li> <li>• The numerator (top number) tells you how many of those equal parts you have/want/are shaded etc.</li> </ul> <p>The following are websites to go on and practice your fractions. My advice is to start with the one at the top of the list and work down. I’ve written some notes next to each one.</p> <p>If you would like more fraction fun, I’ve attached Fraction Bingo and lego fractions which you can have fun with.</p> <p><a href="http://resources.hwb.wales.gov.uk/VTC/ngfl/ngfl-flash/fractions/fractions.html">http://resources.hwb.wales.gov.uk/VTC/ngfl/ngfl-flash/fractions/fractions.html</a> Great one to start with.</p> <p><a href="http://flash.topmarks.co.uk/4097">http://flash.topmarks.co.uk/4097</a></p> <p><a href="http://flash.topmarks.co.uk/4593">http://flash.topmarks.co.uk/4593</a> - good for reminding you what fractions are and what they look like (as well as what the denominator and numerator tell you). The ‘human’ option on this is not very helpful for you so stick with the pizza, water jug and chocolate.</p> <p><a href="https://phet.colorado.edu/sims/html/fraction-matcher/latest/fraction-matcher_en.html">https://phet.colorado.edu/sims/html/fraction-matcher/latest/fraction-matcher_en.html</a> - use the <b>fractions</b> option (not the mixed numbers one) and only do Level 1 (Level 2 only if you’re confident).</p> <p><a href="http://www.scootle.edu.au/ec/viewing/L2801/L2801/index.html#">http://www.scootle.edu.au/ec/viewing/L2801/L2801/index.html#</a> - takes a while to load. There are some improper fractions (more than 1) so children may need assistance with these.</p> |
| <p><b>SPAG / ENGLISH</b></p> | <p>Note from Mrs Ross who is now ill and so unable to plan lessons:</p> <p>For Monday SPAG, they can be tested on the current words and then I have attached all the words that we've done so far in Yr3, in case any of them are keen to recap. If they decide to look at these, I strongly suggest <u>consolidating words already learnt, not trying to learn new ones!</u></p> <p>Note from Miss Mch:</p> <p>If you would like a little extra English today, please complete the comprehension I’ve provided.</p>   |
|                              |  |
| <p><b>Reading</b></p>        | <p><u>Danny Champion of the World</u></p> <p>Read (or get an adult to read) from the start of Ch 10 to where we reached in class to recap (up to ‘And so life at the filling station returned to normal...’). Read on to the end of the chapter.</p> <p>Questions to discuss:</p> <ul style="list-style-type: none"> <li>➤ Why does Danny’s father get so angry every morning on seeing Mr Hazell? Why doesn’t he just ignore him? What does this tell you about his Dad and how he thinks? What words and language does the Dad use to show his dislike.</li> <li>➤ The shoot - Why do all the people go to the annual shoot if they don’t like Hazell? Why would someone do that? Would you?</li> </ul>  |

Visualizing what fractions represent is easier (and a lot more fun) when you use LEGO! Lay them out side by side or build towers.

## FRACTION BINGO!

To play print off a game board for each player, pencils and/or dry erase markers, and grab a pair of dice. I have provided four different boards, but two players could easily play with the same board and come up with different combinations.

To play, simply have a player roll the dice and fill in the fraction circle accordingly. So if a 2 and 3 are rolled, you will colour in  $2/3$ 's of the circle broken up into thirds. If two 4's are rolled, you can either fill in the circle broken up into fourths OR the circle that is a whole. First to get five spaces in a row filled up, wins!
