

## Home Learning – Reception Class Summer Term Week 2

We have set out each week's learning as a series of suggested daily activities. However, the time may look very different for each family. Building in time to look after each other, be physical, creative and relax is as important as completing the set activities. You need to decide what works for you and your family. You could do more of the activities on one day and fewer on another, or you may find it helpful to have a more structured approach. It may help to give clear times for doing activities and clear times for breaks.

**Zog by Julia Donaldson**

## Characters

Sir Gadabout the Great

## Setting

Zog is set in and around the woods where Zog lives.

## What I liked about it

I liked it when Zog found it hard to fly. He crashed into the ground and it was funny. I liked it when Zog and Princess Pearl go on adventures. I think my friend should read Zog because it has good pictures.

Somewhere over the rainbow...

Early one morning I woke up and decided to have an adventure and follow a rainbow. First I put on my wellies and coat and grabbed my backpack and teddy. After hours of walking I saw my rainbow and begin to climb it. Suddenly I reached the end of the rainbow and wow there it was, magical sweetie land! Teddy and I began to slide down into sweetie land.

## 'Ear' Phoneme Spotter Story

### The Meerkat With the Big Ears

On a farm, stood a mob of meerkats.

The six meerkats had been born at the start of the year.

The mum had lots of meerkats in the barn.

The last of her meerkats had big ears and a beard.

She kept them near to her, as it was a fear that they might get lost. At night, she put the meerkats to sleep at the rear of the barn. She then went to sleep.

When it was light, the meerkat with the big ears and beard had disappeared. She shed a tear.

At night, the meerkat appeared, so she kept him near to her. She never put him at the rear, he had to be near.
