

Tasting Box

- ◆ Try to guess what each vegetable is by tasting it. Match it to the colour that is under the pot.
- ◆ Don't eat the whole thing! You will need to taste again for the next activity over the page.
- ◆ Do **NOT** look inside the '**Top Secret Veg Reveal**' sheet until you have tried them all.
- ◆ Then do the big reveal! Which ones did you know? What were the new tastes?
- ◆ On the second page try your vegetable again.

Can you match the vegetable to the colour on your pot?
Draw a line from the vegetable to the colour pot you think it matches.
