### Remembering Queen Elizabeth II

*"and when peace comes, remember it will be for us, the children of today, to make the world of tomorrow a better and happier place,"*

We have been remembering the Queen this week, and saying prayers for her ahead of her state funeral on Monday. We have also been looking to the future and talking to the children about our new King, King Charles III.

First News have created a wonderful commemorative issue that we recommend you take a look and read with your children.  
(See email attachment)

A reminder that school will be closed for the Bank Holiday on Monday.

We are collecting empty (and clean) jam jars for an upcoming Christmas fundraiser. We would be so grateful for any spare you might have. The children will be making some delicious treats to sell at our Christmas Fair at the end of term!

Please drop off in the office.

Thank you!

Dear Parents and Carers,

we really need help with manning our barriers at the beginning and end of the school day at both Sedding Street and Cadogan Gardens.

Having these barriers in place allow for children and families to have a calm, safe and sociable start to the day. We have School Street status for our buildings but we do need to consistently put the road barriers out every morning (8.50 -9.05am) and afternoon (3.20-3.40pm at Sedding Street and 3.10-3.40pm at Cadogan Gardens).

We really need parents to help with manning the barriers. Can you commit to one session a week at either of our school sites morning or afternoon. We would be most grateful for parents support with this really important initiative. If you can help, please email Mrs Davies with your availability

### Shepherd and Sheep Teddy Bear's Picnic

On Monday, our Year 6 Shepherds and Reception Class Sheep were treated to a Teddy Bear's picnic in our Cadogan Gardens playground. Cakes and cuddly toys, what a special way to start the week!

#### The Teddy-Bear's Picnic Song

If you go down in the woods today, you're sure of a big surprise  
If you go down in the woods today, you'd better go in disguise  
For every bear that ever there was will gather there for certain  
Because today's the day the teddy bears have their picnic

Every teddy bear who's been good is sure of a treat today  
There's lots of marvellous things to eat and wonderful games to play  
Beneath the trees where nobody sees they'll hide and seek as long as they please

That's the way the teddy bears have their picnic

Picnic time for teddy bears  
The little teddy bears are having a lovely time today  
Watch them, catch them unawares and see them picnic on their holiday

See them gaily gad about  
They love to play and shout  
They never have any cares  
At six o'clock their mummies and daddies will take them back home to bed  
Because they're tired little teddy bears

If you go down in the woods today, you better not go alone  
It's lovely down in the woods today, but safer to stay at home  
For every bear that ever there was will gather there for certain  
Because today's the day the teddy bears have their picnic

### Queen of the Classroom ages 6-8 & up

**Author:** Derrick Barnes **Illustrator:** Vanessa Brantley-Newton **Publisher:** Scallywag Press

It's the first day of school, and young MJ Malone couldn't be more ready! Her outfit is already picked out and her hair is freshly braided, she looks and feels great. But Mum thinks there's something missing. She bestows MJ with a glittery tiara and dubs her the queen of the classroom. MJ is determined to fulfil her duties – brighten up every room she enters, treat others with kindness, and offer a helping hand.

As we follow little MJ through her day, we see her doing all those things. Along the way, she shines as a leader, makes new friends, and shows that she is deserving of the title Queen of the Classroom.

Starting school is a major milestone for both children and parents. It is often accompanied by a range of emotions from anxiety to excitement. This fun, vibrant picture book looks at the celebratory side of the first day of school, helping to put little ones at ease.

A companion book to King of the Classroom, it's wonderfully refreshing to see a confident can-do young black girl with supportive parents and a warm, welcoming teacher. Bold and energetic illustrations from Brantley-Newton perfectly complement Barnes' positive and humorous text.

## FUNDRAISING AT CHRIST CHURCH & HOLY TRINITY

Christ Church & Holy Trinity actively fundraise throughout the year to raise money for specific school initiatives that reinforce the academic lives of all the children in the federation. Through our parent Fundraising Committee and Parent Coordinators, together we forge positive relationships between parents and teachers and the wider community, to enrich our pupils' educational experience and contribute to the well-being of the schools.

Our fundraising efforts are not solely achieved through our parent partnership work, we apply for

### Our Aims

Our fundamental aim is to achieve all that is best for our pupils. Parents contribute to this partnership by giving up their time, offering their talents, or through monthly standing order donations or one-off contributions. We value our parents involvement and want our relationship to be a catalyst for positive change. We are driven by our mission to support and empower the children by making forward-thinking progress to the way in which they learn and flourish.

### How?

In order to raise these funds we host our annual Promises Auction and Elf Auction at Christmas, as well as other events and activities such as Quiz Night, regular Cake Sales, termly Book Fairs, Art Sales, Bike Rides, Plant & Bulb sales, Christmas Tree sales and a virtual walk around the world in 2021. Throughout the year we introduce new products and items in our online school shop where all profits from the purchase of these items go towards our federation enrichment programme, maintaining our co-curricular education to the high standards we continue to aspire to.

**[www.cchtshop.com](http://www.cchtshop.com)**

government grants and bids and receive generous donations from Charitable Trusts and individual donors wishing to make a significant difference to our work, and they do. Pooling all of our resources is vital and it is how and why we are the schools that we are today. However, with the increase in the cost of living and many government cuts we must continue to give our time, money and efforts for the sake of our children's education. How can you help:

### STANDING ORDERS

Families giving regularly is unbelievably valuable to the schools as it means we can plan ahead to commit these funds year on year to pay for specialist teachers, tutors, educational visits and visitors. The committed standing orders range from £5 per month to £500 per month. Families give as they see fit and as they can afford. All amounts make a real and tangible difference to the quality of education we are able to provide for the children. If you do not already contribute regularly please consider whether this is something you could commit to. Any amount would be hugely appreciated and it is totally anonymous. Please also try to reassess your contribution when a new sibling starts. As of May 2022 it costs the school £85 per child per month to provide the fully rounded education they are currently receiving. Did you know that if you are a UK tax payer, for every standing order donation the school receives an extra 25% in gift aid which will be added automatically by donating here:

**DONATE HERE.**

## VOLUNTEERING

We have an army of volunteers who help our children. They consist of parents, local residents, ex-pupils and friends of the school. They help by sharing their expertise – be it in boilers, art, sport, cooking or sewing. Volunteers help us by coming to school to listen to our children read, helping with spelling and times tables, manning the Book Fair or a stall at our Summer or Christmas Fairs, accompanying the pupils on class trips or selling second-hand uniform, plants & bulbs or cakes. At Christmas time we require help packing and wrapping items sold through our school shop, making Christingles or ticketing tombola prizes. Our parents bake and make for the sake of our children's education – and they even paint too, thanks to a brilliantly willing and able set of volunteers who painted the entire outdoor play area at Christ Church last year. Volunteers are integral to the success of our big fundraising events where many skill sets come in to play and a whole host of extra pairs of hands are needed.

If you would like to help in any way please contact Katie Rose [krose@ccht.tbkc.sch.uk](mailto:krose@ccht.tbkc.sch.uk)

If you find something you would like to purchase – just add it to your basket and follow the same procedures as if you were ordering something for yourself. The items will then be delivered directly to the school. This is a wonderful way of giving to the school and making a direct impact for the resources we need.

Friday 16<sup>th</sup> September 2022

Reception Class

Dear Parents and carers,

What a lovely second week we have had! Well done everybody - children and parents!

It's exciting to see your little ones becoming big, independent children. They have been settling in nicely, building new friendships and exploring their new setting. We have focused on understanding and following classroom rules and boundaries as well as learning about new routines.

Next week we will begin our **Alphabet Code** lessons and we will learn the following sounds: /s/ /a/ /t/. The children will focus on identifying the initial sound in words and they will start practising their cursive letter formation. Exciting!

In **Maths**, we will focus on reciting numbers to 10, recognising numerals to 10, forming numbers correctly to 10 and matching numerals to quantities.

**Skills to practise at home:**

- Taking off their shoes and putting them back on.
- Taking off their jumpers and putting them back on.
- Packing their school bags and zipping them up.
- Putting their coats on and zipping them up.
- Using scissors effectively.
- Toileting independently.

Have a lovely, restful weekend

Miss Martin

Learning at Holy Trinity in Year 1  
Friday 16<sup>th</sup> September 2022

What another great week! Year One have continued to settle into the busy way of school life and really impressed Mrs Hawkins when she taught us. She couldn't believe how sensible and independent we already were!

In English this week we started to look at labels and captions. We look at the differences between them and why we would use them. We were very quick to identify a caption as a short sentence giving information about an image and a label was more one word naming an object.

In Maths we continued looking at numbers to 10, exploring 1 and how to complete missing number sequences. To find missing numbers we first looked at the first and last number given to see if the sequence was increasing or decreasing. Then we looked at the number of jumps between two given number and from that we could complete the sequence very efficiently.

In RE we discussed whether we are looking after God's Creation as he instructed us to. Unfortunately, we realised humans have done a lot of damage to the world but there is still lots of good. People clean beaches, recycle, plant trees and raise money for those in need. We then thought about what small changes or things we could do to help look after God's Creation.

We continued with our Alphabet Code lessons where we looked at the different codes making the /ee/. We found **ee as in green**, **ea as in tea**, **e as in me** and **ey as in key**! Next week, we will be investigating all the different codes for /igh/.

In science this week, we looked at our skeletons. We learnt that without them we would look very different and that it protects our vital organs. We then had a go at making our own skeletons!

Reminders:

- **Friday 23<sup>rd</sup> September** - Trip to Pizza Express

What an amazing week Year One, well done! Have a lovely weekend and see you on Tuesday ☺

Learning at Holy Trinity in Year 2  
Friday 16th September 2022

We have been very busy in our second week of Year 2. We have done lots of fantastic work!

We started the week by creating our class code of conduct. We chose words we would like to as learners, for example 'determined learners'. We then created our own self portraits to represent our class. We are so proud of the detail and care taken to create our beautiful portraits.

In English we have written detailed character descriptions. Not only describing our characters appearance but also her feelings, motions and thoughts. Please continue to practice using adjectives and expanded noun phrases when you work together to complete this weeks homework.

This week in Maths we compared numbers up to 40 using the terms 'greater than' and 'smaller than'. We used number lines, number squares and base tens to help us. We compared values starting the tens and then comparing the ones. We know how important the number order is and decided we would prefer to have 52 treats rather than 25.

We enjoyed our first dance lesson with Miss Beth. We learnt three new hip hop moves and worked in groups to plan, practice and perform our own dances.

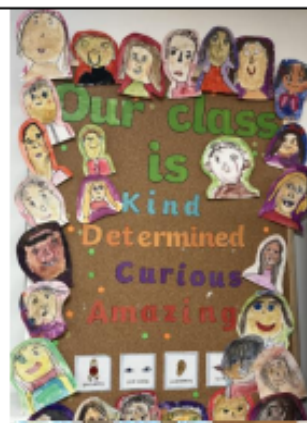

In Science we worked on our observation skills with a little help from a magnifying glass. We noticed how the object we looked at became bigger, or more magnified, as we pulled the magnifying glass further away. We then sketched some magnified leaves, ensuring to add all the fine details we could see.

In Art we began our unit called Mother Nature. First, we learnt a range of interesting facts about Dutch artist, Vincent van Gogh. We then looked at some of his famous artworks and discussed different aspects of his art, including his use of colour and brushstrokes. We then created our own inspired landscapes. See Isaac's landscape to the right.

In Geography we looked at the processes that different foods go through before they get to our plate. It was very interesting to see that some foods go through a lot more processes than others! We tried fresh, frozen and processed foods to compare the differences. We were fascinated to learn about the process of keeping peas fresh.

As a reminder, please bring in green home Learning books and reading books on Tuesday. All homework will go home on Wednesday afternoon.

Have a great weekend 😊 We look forward to seeing you on Tuesday.

## Learning at Holy Trinity in Year 3

Friday 16<sup>th</sup> September 2022

In Maths, we have been building on our understanding of place value, representing numbers in different ways, using inequality symbols to show how numbers compare to others and recognising the value of the hundreds, tens and ones columns.

In English, we have been looking at sentences in detail. We discovered that every sentence must have a verb and it must make sense on its own. We have been comparing simple and compound sentences. We know that a compound sentence is two independent ideas linked together using the conjunctions and, but and or. We also looked at fronted adverbials and how they add detail about how, where or when something happened. We practised writing exciting sentences using a range of joining conjunctions and fronted adverbials.

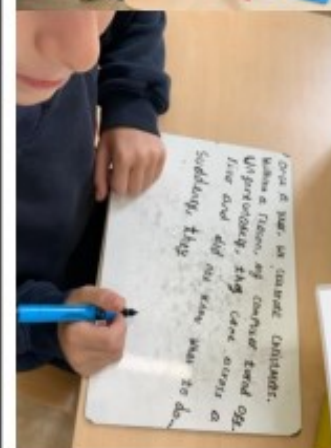

In History, we continued to investigate the Stone Age. This week, we thought about how we know facts about the Stone Age when there are no photographs or written information from the time. We then created our own cave paintings.

In Art, we looked at a range of self-portraits and we created our own. We looked carefully at our features and their shapes. We also thought about how our features feel and how we would describe them.

In RE, we continued looking at our big question this term, 'What is the Bible's Big Story?' This week, we looked at the first two parts of the Bible's big story, the Creation and the Fall. We discussed what these stories tell us about God, and we thought about why Adam and Eve made the decisions they did.

Thank you to everyone who attended the Parents Meeting this week, it was so lovely to see so many of you there 😊 Well done to all the children for another super week of learning!

Have a wonderful weekend 😊

## Learning at Holy Trinity in Year 4

Friday 16<sup>th</sup> September 2022

It was fantastic to welcome so many parents and carers to our Year 4 class meeting on Wednesday this week. Highlights of our week in Year 4 include:

### Maths

This week pupils:

- Used simple addition of two 4-digit numbers including regrouping (exchanging) with ones, tens, hundreds and thousands.
- Solved addition word-problems that also involved regrouping with ones, tens, hundreds and thousands.

### Times-tables:

The children took a times-table test to work out which ones they need to focus on. Since then we have been writing-out and reciting our times-tables over the week.

### English

This week pupils:

- Identified key events from the animated film 'Tado Jones'
- Sequenced these events in chronological order and then went on to write a recount of these ordered events.
- Learnt how to order paragraphs for an existing piece of writing.
- Learnt how to create compound and simple sentences and incorporated co-ordinating conjunctions.

### Art:

Year 4 continued with their self-portraits and created their mini self-portraits that we will use for our Year 4 Writing Targets display.

### Science:

We continued our Living Things unit by grouping 12 animals into a Venn diagram that had three criteria: lives in water, lays eggs and breathes air. We also learnt about the life processes that organisms all have. Ask your child what the acronym MRS GREN means (hint: the seven processes of life).

### History:

Year 4 reviewed the idea of 'childhood' as opposed to 'adulthood'; plotted significant events in their lives on a timeline and considered age restrictions for children and what they can do legally. The lesson was finished with analysing children's rights as proposed by the UN (Rights of a Child).

**Have a super weekend and Bank Holiday. See you on Tuesday 20<sup>th</sup> September.**

Learning in Year 5 at Holy Trinity  
Friday 16<sup>th</sup> September

Week 2 and we're into the swing of things now!

In English, we have been busy 'text mapping' our diary entry from Oliver Twist. This strategy helps us to see the text, remember the text and internalise its structure. We have also recapped on different types of sentences and their punctuation, including commands, questions, and exclamations.

This week, we also were introduced to our new routine for Spelling which includes personalised word lists and phonemic (sound) related activities, and next week, dictation.

In Maths, we continued with our Place Value unit. We learnt how to write numbers in expanded form and compared numbers to find the greatest/smallest.

Later in the week, we touched on rounding numbers to the nearest ten. We placed a given number on a number line and determined which group of ten it was closer to.

#### Expanded Form

In expanded form, we write the number by showing the value of each digit.

Standard Form    7294

Expanded Form    7000 + 200 + 90 + 4

#### The ZONES of Regulation®

<b>BLUE ZONE</b>	<b>GREEN ZONE</b>	<b>YELLOW ZONE</b>	<b>RED ZONE</b>
Sad Sick Tired Bored Moving Slowly	Happy Calm Feeling Okay Focused Ready to Learn	Frustrated Worried Silly/Wiggly Excited Loss of Some Control	Mad/Angry Mean Terrified Yelling/Hitting Out of Control

In Art, we learnt about an artist called Grayson Perry who decorates vases with art to communicate messages and ideas. We thought about what ideas and messages we want to communicate on our own vase.

In PSHE, we were introduced to the word 'identity' which is basically 'who you are'. We discussed and wrote down what makes up our identity - our hair colour, our family, where we live, what languages we speak etc. We also recapped our understanding of Zones of

Regulation then categorised all the ways we feel and states of alertness we experience into four coloured zones. In History, we learnt who was Queen Victoria and how the Victorian Era started.

#### Reminders:

- Class meeting - Thursday 22<sup>nd</sup> September 9:10am

Have a great weekend,  
Miss Harman

**Learning at Holy Trinity**  
**Friday 16<sup>th</sup> September 2022**

---

In English this week, we began our learning by completing a visual response to a clip from the Great Expectations. We used our listening skills to draw what we could hear in a slightly spooky sounding clip. Following on from this we used adjectives to describe what we could hear. Finally, we watched the video clip and some of us had predicted the location and setting, discussing how we can create atmosphere in our writing. Then we created a backstory for our character, Pip by 'hot seating' our character to understand him better. Learning how to 'show not tell' our character's fear as he walked through a spooking looking graveyard.

In Maths, we have continued our work on Place value and recapped that the value of each digit in a number is based on its position in the place value chart. This really helped us with reading and writing numbers up to ten million.

In History, we recapped our learning on World War II, reminding ourselves of the key people and two sides, the Axis and Allies. Using the information we gathered, we were able to create a timeline of events during the war and we are looking forward to learning more about these important events that happened during the war.

In Science, we have been learning about animals with Ms Edgeworth, understanding the difference between invertebrates and vertebrates and learning how to classify different animals.

In Art, we have continued to look at different lines and texture and have begun to plan and draw our self-portraits.

On Monday, we had an exciting afternoon meeting our sheep for the very first time! What fun we had meeting our sheep, enjoying squash and cake in the sunshine. We are looking forward to our fortnightly activities with Reception class.

Enjoy a restful weekend!

**Reminders:** Please check ATOM learning each week for the maths and comprehension homework. Work will be posted each Monday and should be completed by the following Monday.
