## Looking for a babysitter?

### LOOKING FOR A BABYSITTER?

My name is Tom Hester,  
 I'm a 17 year old A level student at the Fulham Boys School and a former Christ Church pupil.

I am reliable, responsible and really enjoy looking after children. For the past two years I have volunteered at the St Luke's Epic youth summer camp. I live with my family in Battersea and am available for evening and weekend babysitting in the local area (SW11) but also happy to travel to SW10, SW3 and SW4.

My rate is £7ph and I'd be delighted to hear from you if you think I could be of assistance.

 Celebrating Grandparents  
 Friday 7th October 2020  
 1.30-3.30pm**

***Our CCHT community celebrate Grandparents, their support and inspiration alongside their cherished memories. This tradition was the idea of Alastair Rellie, a respected member of our community, a long serving Governor and a very much loved grandparent himself.***

***Please sign up in the school office if you would like grandparents or an older family member to attend.***

### ***Invitation for our Grandparents to join us for lunch***

*We would like to extend an invitation to a limited number of 'grandparents' to be our guests for lunch on Friday 7th October at 1pm, immediately before Grandparents' Day begins at 1.30pm. There will be a link on School Gateway to book in for those grandparents (or carers) who wish to join their grandchildren for lunch. The suggested donation will be £5 per adult to secure your spot so that we can cover the costs for the additional lunches. Please note that the option on the gateway will closed when the number of spaces has been filled. Thank you!*

## Recommended Read

### Black in Time ages 9-11 & up

**Author:** Alison Hammond and Emma Norry **Illustrator:** Tinuke Fagborun **Publisher:** Puffin

This fabulous non-fiction book showcases the achievements of an array of remarkable Black Britons, from the Roman Empire to the twentieth century. While some names may be familiar, many are not, demonstrating that people of colour are woefully under-represented in the history books. This volume seeks to redress the balance, and readers will learn about extraordinary figures, including John Blanke, a talented musician in the court of King Henry VIII; eighteenth-century poet, Phillis Wheatley; and Pablo Fanque, a Victorian circus owner.

Interspersed between stories about these awesome individuals are interviews with inspirational people from present-day Britain, such as author and former Children's Laureate, Malorie Blackman and TV presenter Andi Peters. Also included are informative 'Fact File' sections, which provide overviews of key aspects of Black British history, such as the slave trade and the Race Relations Act.

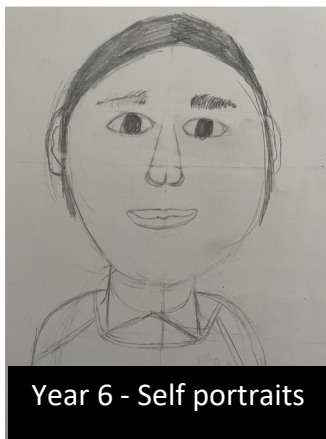

The stories are arranged chronologically, helping readers to build up a picture of the changing face of Black Britain, and a comprehensive contents page makes it easy to dip in and out. With a chatty, informal style, illustrations throughout and a varied mix of narrative, interviews and facts, this is an accessible, engaging and ultimately uplifting read.

## FUNDRAISING AT CHRIST CHURCH & HOLY TRINITY

Christ Church & Holy Trinity actively fundraise throughout the year to raise money for specific school initiatives that reinforce the academic lives of all the children in the federation. Through our parent Fundraising Committee and Parent Coordinators, together we forge positive relationships between parents and teachers and the wider community, to enrich our pupils' educational experience and contribute to the well-being of the schools.

Our fundraising efforts are not solely achieved through our parent partnership work, we apply for

### **Our Aims**

Our fundamental aim is to achieve all that is best for our pupils. Parents contribute to this partnership by giving up their time, offering their talents, or through monthly standing order donations or one-off contributions. We value our parents involvement and want our relationship to be a catalyst for positive change. We are driven by our mission to support and empower the children by making forward-thinking progress to the way in which they learn and flourish.

### **How?**

In order to raise these funds we host our annual Promises Auction and Elf Auction at Christmas, as well as other events and activities such as Quiz Night, regular Cake Sales, termly Book Fairs, Art Sales, Bike Rides, Plant & Bulb sales, Christmas Tree sales and a virtual walk around the world in 2021. Throughout the year we introduce new products and items in our online school shop where all profits from the purchase of these items go towards our federation enrichment programme, maintaining our co-curricular education to the high standards we continue to aspire to.

**[www.cchtshop.com](http://www.cchtshop.com)**

government grants and bids and receive generous donations from Charitable Trusts and individual donors wishing to make a significant difference to our work, and they do. Pooling all of our resources is vital and it is how and why we are the schools that we are today. However, with the increase in the cost of living and many government cuts we must continue to give our time, money and efforts for the sake of our children's education. How can you help:

### **STANDING ORDERS**

Families giving regularly is unbelievably valuable to the schools as it means we can plan ahead to commit these funds year on year to pay for specialist teachers, tutors, educational visits and visitors. The committed standing orders range from £5 per month to £500 per month. Families give as they see fit and as they can afford. All amounts make a real and tangible difference to the quality of education we are able to provide for the children. If you do not already contribute regularly please consider whether this is something you could commit to. Any amount would be hugely appreciated and it is totally anonymous. Please also try to reassess your contribution when a new sibling starts. As of May 2022 it costs the school £85 per child per month to provide the fully rounded education they are currently receiving. Did you know that if you are a UK tax payer, for every standing order donation the school receives an extra 25% in gift aid which will be added automatically by donating here:

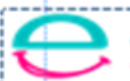

**DONATE HERE.**

## VOLUNTEERING

We have an army of volunteers who help our children. They consist of parents, local residents, ex-pupils and friends of the school. They help by sharing their expertise – be it in boilers, art, sport, cooking or sewing. Volunteers help us by coming to school to listen to our children read, helping with spelling and times tables, manning the Book Fair or a stall at our Summer or Christmas Fairs, accompanying the pupils on class trips or selling second-hand uniform, plants & bulbs or cakes. At Christmas time we require help packing and wrapping items sold through our school shop, making Christingles or ticketing tombola prizes. Our parents bake and make for the sake of our children's education – and they even paint too, thanks to a brilliantly willing and able set of volunteers who painted the entire outdoor play area at Christ Church last year. Volunteers are integral to the success of our big fundraising events where many skill sets come in to play and a whole host of extra pairs of hands are needed.

Learning in Reception at Holy Trinity

Friday 23<sup>rd</sup> September 2022

Dear Parents and Carers,

What a busy week we have had! We finished with our baseline assessments last week and we have now commenced our lessons: Alphabet code and Maths.

**Maths-** The children were introduced to our Numicon shapes (1-10). They also worked on their counting, ordering and number formation skills.

We have been working on number formation with this song:

<https://www.youtube.com/watch?v=DzKqCmjVXLI>

**Alphabet Code-** This week's new sounds are:

/a/ for apple

/s/ for snake

/t/ for tower

The children have worked on recognising the codes for the different sounds, practising their cursive letter formation and spotting the initial sound in words.

**History and RE-** As part of this term's topic 'All About Me', we need both a family photo and a baby photo of your child for the week beginning 3<sup>rd</sup> October. You can either send the photographs in, upload them to ClassDojo or send them to the school's office e-mail.

The photos will be displayed in the classroom for a couple of weeks.

Thank you very much

Have a lovely weekend

Miss Martin

Learning at Holy Trinity in Year 1

Friday 23<sup>rd</sup> September 2022

What a busy week! The highlight of our week was most certainly our trip to Pizza Express. We each got to make a delicious pizza with careful guidance from the chefs. Even though we are in our early days in Year 1, we behaved so beautifully and followed instructions so well. Everyone in the class should be very proud of themselves for a fantastic trip.

In English this week we started to look at the book *The Tiger Who Came to Tea* by Judith Kerr. Quite a few of us were familiar with the story so we discussed what the word familiar means and whether we knew of any other familiar story settings. Then we read the story and acted it out in groups. We have got some future acting superstars on our hands!

In Maths we continued looking at number bonds, in particular bonds to 10. We explored different pairs of numbers that make 10, represented them using cubes and pictures and finally put them into part-part whole models. We practised logging into Numbots on Friday, so we are raring to go with our number bonds practice!

In RE we were busy making posters for our school, reminding children and adults how to take care of each other and the school. This was inspired by a class discussion about looking after God's creation and looking at the instructions he gave Adam and Eve so they could take care of his creation.

We continued with our Alphabet Code lessons where we looked at the different codes making the /igh/. We discovered igh as in high, ie as in pie, i as in kind, y as in by and i-e as in like. Next week, we will be investigating all the different codes for /oa/.

In science this week, we talked about our senses, in particular sight. We looked at the eye in detail, the names of each part and what their functions are. We spoke about the amazing pupil that dilates and reduces in size due to the amount of light. Then we drew and labelled diagrams of our own eyes, making sure to check the colour of our own irises before colouring in. To finish, as a class we investigated what the most popular iris colour was.

What a lovely week Year One, well done! Have a fun filled weekend! ☺

Learning at Holy Trinity in Year 2  
Friday 23<sup>rd</sup> September 2022

Very well done Year 2, our shorter week was still jam-packed and you showed great focus and effort in all activities. It has been wonderful to see you settle so well into the routines of Year 2.

In English we have written our own story plan. We are excited to write our own story inspired by our detailed setting and character work on the 'Big big sea'. We planned and began our own story set at the beach and have thought through interesting adventures we can go on. As you are reading this week, continue to spot key adjectives and note down any interesting vocabulary you find as we could use this in our story writing.

This week in Maths we are beginning to add numbers to forty using vertical addition. We are focussing on the importance of our place value columns and remembering to 'always start with the ones'. We are practicing a range of addition methods such as counting on from the larger number and holding a value in our heads.

In Science we defined a living thing using MRS GREN. Understanding that features of living things include movements, respirations, sensitivity, growth, reproduction, excretion and nutrition. We sorted a range of items between living, dead and never been alive. We had interesting discussions around paper, fallen fruit and fossils.

In Art we looked at our next artist as part of our Mother Nature unit, Georgia O'Keeffe. First, we learnt a range of interesting facts about her then looked at some of her famous artworks and had a go at creating our own flowers like her designs. I am so looking forward to hearing your research for homework, Tate kids has lots of helpful resources.

In Geography we looked at the processes that different foods go through before they get to our plate. This week we looked at the process of making crisps. We discovered that crisps usually take 30 minutes to be made and that packets are filled with nitrogen to preserve the flavour.

During our RE lesson, we reviewed the beginning of the Lord's Prayer and considered why Christians refer to God as 'Our Father'. We understood that some Christians believe that God is a caregiver. We thought about the adults in our lives who care for us.

Thank you for a great week. Rest up and have a wonderful weekend 😊  
Reminder: Individual school photos Monday 26<sup>th</sup> September

## Learning at Holy Trinity in Year 3

Friday 23<sup>rd</sup> September 2022

In Maths, we have been comparing three-digit numbers using both concrete and pictorial representations. We then compared and arranged numbers up to 1000 on a number line. When looking at a blank number line, we thought about which numbers are helpful to add first. We discovered that adding multiples of 100 and 10 was a helpful starting point. We also practised counting in multiples of 50.

In English this week we continued to practise writing sentences with fronted adverbials to add extra information. We then looked at direct speech and how this is punctuated within texts. We practised punctuating speech correctly within our own writing using our speech sandwich.

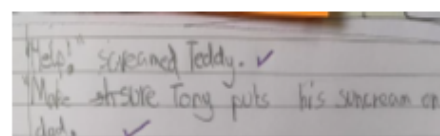

In History, we continued to investigate the Stone Age. This week, we looked at the three periods within the Stone Age: Paleolithic, Mesolithic and Neolithic. We compared each period and discussed significant changes that occurred between each one.

In RE, we continued looking at our big question this term, 'What is the Bible's Big Story?' This week, we learnt about the fourth concept - 'people of God'. We discovered that God often chooses people who are weak, have made mistakes and have had a difficult life. It is important to remember that everyone makes mistakes and that is OK! Mistakes help us to learn.

Good questions to ask your child this week are:

- What is included in a speech sandwich?
- What are the three periods of the Stone Age?
- What Bible stories show us that God's people had to go through challenges and weren't always obedient?

Have a lovely weekend 😊

### Reminders:

Reading books and homework are to be returned to school on Wednesdays.

Please provide a snack for your child to have at first break.

## Learning at Holy Trinity in Year 4

Friday 23rd September 2022

---

**Welcome back after the Bank Holiday weekend.**

Highlights of Year 4 this week include:

### **Maths**

This week pupils:

- Learnt to interpret the difference between two numbers by using column subtraction.
- Carried out simple subtraction within 10 000.
- Revisited subtraction using regrouping (exchanging)

### **English**

This week pupils:

- Learnt what the features of a diary entry consist of.
- Wrote a diary for themselves, describing what happened over one day.
- Practised using a thesaurus to find synonyms.

### **Handwriting:**

Pupils continued to practise their handwriting skills with a focussed session on this art. We are using 'high frequency' words to practise handwriting. This means pupils refine their spelling skills at the same time.

### **Science:**

This week we explored how changing environments impact living things. We examined natural causes for changing environments and the effect of human activity. Pupils made a link between human activities and natural causes and how these activities have influenced global warming.

### **Reading:**

Year 4 continued with our class book George's Marvellous Medicine. In addition, the class answered comprehension questions on a text about a tortoise, also named George!

---

**Have a super weekend!**

Learning in Year 5 at Holy Trinity  
Friday 23<sup>rd</sup> September

In English this week, we looked at the underlying structure of our model text. We discussed the features of each paragraph and examples from Oliver Twist's diary entry. This will help us when we start to innovate/change the text.

In Maths, we continued learning how to round numbers - now to the nearest hundred and the nearest thousand. We applied our rounding skills to estimate answers to addition, subtraction, and multiplication questions.

Next week, we are moving onto multiplication so please ensure your child is continuously practising their multiplication skills!

#### Estimating by Rounding

$$\begin{array}{r} 307 + 991 \approx 1300 \\ 300 + 1000 \\ 1300 \end{array}$$

In History, we started to delve deeper into the Victorian Era by learning about the different jobs children had. First, we analysed photos and discussed what we could see, what we thought was happening and any questions we had. One thing we all noticed - all the children were very dirty and didn't look very happy. We then explored the details of each jobs and the dangers that were associated.

In PSHE, we discussed how *identity* is how you see yourself and how other people perceive you. For example, I identity as a teacher/educator, yet if I walked down the street people might not see that. We then compared our identity with our classmates - what is similar between us and what is different.

#### Snack

Please ensure your child brings a snack to school. Students who are not hungry and are well hydrated perform better n the classroom, show increased concentration and are less likely to be irritable and disrupt their own learning.

#### **Reminders:**

- Homework will be sent out on Monday. It is to be returned the following Monday.

Have a great weekend,  
Miss Harman

**Learning in Year 6 at Holy Trinity  
Friday 23<sup>rd</sup> September 2022**

In English this week in year 6, we have been looking at building a character using a range of descriptive language. We then used personification to 'show not tell' a character's fear. In our following lesson we learnt about a technique writers use called pathetic fallacy where an inanimate object i.e. weather can be given a human emotion or action. We discussed how the boy would feel as he walked through the graveyard, learning how to describe how his body and face looked.

In Maths, we have continued our learning on Place value, focusing on ordering number, comparing the digits in each place. We then moved on to sequencing number, recognising the difference between them and begun to use the nth term. To consolidate our learning so far, we completed an activity, putting our knowledge of place value to the test!

In Science, we have continued our learning on vertebrates (spine) and invertebrates (no spine). We explored the similarities and differences between the different species.

In PSHE, we began learning about mental health. As a class we looked at how mental health is defined. We recognised that we can have positive mental health and that our bodies and mind are closely linked - we found ways of keeping our minds and bodies healthy.

In Art, we completed our self-portraits, taking particular care in the proportions of our face. In RE this week, we took a trip to Holy Trinity Church, where Fr Václav taught us about the first holy sacrament, baptism.

Have a lovely weekend!
