**WOMEN OF THE WINDRUSH
BY SHIRLEY J. THOMPSON
WEDNESDAY, JULY 19, 2023
7:00 PM - 8:00 PM**

Through mesmerising song and archive film footage, Shirley J. Thompson's one-act opera *Women of the Windrush* portrays inspirational narratives from the lives of women who travelled to the UK from the West Indies between the 1940s and the 1960s, when persons from those countries were invited by the British government to assist in the rebuilding of post-war Britain.

Secrets of a Rebel Rock Star (ages 9-11 & up)

Author: Nat Amooore Publisher: Rock the Boat

Mac loves music. He plays guitar in the school rock band and often rocks out with his mum, who's obsessed with rock. His favourite lesson is music with the uber cool Ms Fox. But he has a secret. He loves musicals. He can never tell his mother. Or anyone else. Musical's aren't cool, are they?

But when the arts programme at school is going to be cut, and his favourite teacher out of a job, Mac knows he has to do something. And when he lets slip his knowledge of musicals, he's invited to a secret musicals appreciation society, where he meets Flynn. Flynn is a year older, he writes amazing music and he has various physical and verbal tics, due to his Tourette's. Together, can Mac and Flynn write a musical to save Ms Fox?

This is a brilliant story about true friendship, the importance of the arts, and the astounding things a community can do when it pulls together. Written with guidance from someone with Tourette's, this gives a clear-eyed view of the potential challenges Tourette's brings, and information on how it can differ from person to person. Importantly, Flynn is far more than his Tourette's. Uplifting and heart-warming.

MAYOR OF LONDON

Royal Borough of Kensington and Chelsea

Date: July 2023

Dear Parent/Carer,

I'm delighted to inform you that City Hall is ensuring all primary school children who attend state schools in London will receive **free school meals** for the full academic year, starting this September.

As Mayor of London, I know parents/carers are really struggling with the cost-of-living crisis right now. That's why I've taken the decision to provide funding to expand on the Government's limited existing free school meals offer. This means all state funded primary school children in London are now eligible for free school meals.

The funding we're providing will help up to 270,000 primary school children in London, like yours, access free school meals and could **save your family upwards of £440 across the year.**

Your child will receive their free school meals automatically, but it's vitally important that you still complete your school or borough's registration form in case your child is eligible for extra funding for their school from the Government, worth £1,300 per year. That's extra money to spend on enrichment activities, teacher development, and targeted support for the children that need it most. Depending on how schemes operate in your borough, it may also entitle you to other benefits like food vouchers during the holidays. There is more information about registration in your borough here:

https://www.rbkc.gov.uk/kb5/rbkc/fis/advice.page?id=zjgOML_Oskw.

City Hall, Kamal Chunchie Way, London E16 1ZE
mayor@london.gov.uk + london.gov.uk + 020 7983 4000

MAYOR OF LONDON

Those parents/carers whose children already qualify for free school meals under the Government's existing offer must also continue to apply for free school meals as before.

My administration has taken the unprecedented step of providing this funding because we're deeply concerned by the number of primary school children going hungry in London's classrooms. Eligibility criteria for the Government's existing free school meals offer is strict, which means many parents/carers and children who need this helping hand have been missing out. But from September – thanks to our intervention – that will all change as part of our effort to build a better London for everyone.

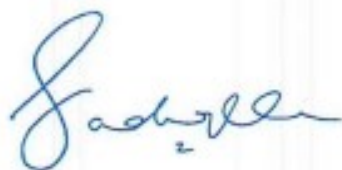

As someone who received free school meals myself, I'm incredibly proud that we're able to step up and provide this crucial lifeline to London's families during such tough economic times. I firmly believe that every child deserves the chance to be able to grow up healthy and thrive, regardless of their background or circumstances. But for this to happen, children must be able to access healthy, nutritious meals.

My online hub for families provides all the information you need about our scheme. Please find the link here: <https://www.london.gov.uk/free-school-meals>.

Families who are struggling with their financial situation can also access advice and support by visiting my cost-of-living hub here: <https://www.london.gov.uk/programmes-strategies/communities-and-social-justice/help-cost-living>.

Your school will be in touch with more details of how you can take up the offer of the free school meals. I wish your family a happy and healthy academic year – and I hope they enjoy their free school meals.

Yours sincerely,

Sadiq Khan
Mayor of London

National Theatre

GRENFELL IN THE WORDS OF SURVIVORS

Grenfell: in the words of survivors

a new play by Gillian Slovo

Starring an ex Christ Church pupil and Mr Tolley's son,

Keaton Guimaraes-Tolley

13 July — 26 August 2023

It was my safest place. It was home.

A powerful new verbatim play from the testimony of residents at the heart of the Grenfell Tower tragedy.

Six years on, interviews conducted with a group of survivors and bereaved reveal the impact of the multiple failures that led to a national disaster, asking: how do we stop this ever happening again?

Created from these interviews by Gillian Slovo (*Another World: Losing our Children to Islamic State*), the play is co-directed by Phyllida Lloyd (*The Donmar Shakespeare Trilogy*) and Anthony Simpson-Pike (*The P Word*).

Startling and deeply moving, it explores the courage and resilience of an ill-treated community and their continued campaign for justice.

Grenfell: in the words of survivors is part of a multi-year programme of National Theatre [creative activity in North Kensington](#), delivered in collaboration with local community organisations.

Learning in Reception at Holy Trinity

Dear Reception Parents,

This week Reception class have had so much fun learning about pirates! We turned our playground into a pirate scene and the children had a chance to dress up, search for treasure in the sandpit and walk down the plank to some hungry sharks!

The children used their imagination and described what they could see through a pirate's telescope. They also practised counting in 2's by adding up 2p treasure coins!

Next Wednesday, we will hold our much-anticipated graduation ceremony.

The children will all be asked to say something as they come up to receive their ties. We usually encourage them to say a thank you to their teachers and friends as well as to share one their favourite memories of Reception/favourite subject/topic.

Please could you practise these speeches at home, so they feel confident when it is their turn to speak.

In **Maths**, the children learnt how to count in 2's. They paired up socks and counted them in 2's up to 20.

Thank you!

Next week REMINDERS:

Monday 17 th	Children to bring to school a big carrier bag! We will be sending their learning books home on Wednesday!
Tuesday 18 th	Beach party- children to come to school wearing swimwear under their uniform and a spare set of underwear, socks etc. (check e-mail regarding Beach Party)
Wednesday 19 th	Graduation at St Luke's Church- children to be dropped off at school first. The Graduation starts at 9:30. *Books and summer homework to go home
Thursday 20 th	End of term- school finishes at 13:30.

Wishing you a great weekend,

Miss Martin

Learning at Holy Trinity in Year 1

Friday 14th July 2023

In English we recapped our learning of suffixes, in particular adding -ing. Then we moved onto looking at poetry, starting off with looking at the features of a poem. We talked about verses, rhyming words and what makes a poem, a poem. We worked so hard we were introduced into two new words, onomatopoeia and personification. We were experts at identifying these themes in poems by the end of the week.

In maths we started to look at position and direction. We learnt what a half, quarter and three-quarter turn are and made some great connections with telling the time. We made sure to know which was our left and our right hand too! We realised this was an important life skill to know!

In RE we were looked at the Parable of the Good Samaritan. We discussed the message - treat your neighbour as you want to be treated. We discussed what neighbour means and thought about a time when a neighbour had helped us. We wrote them a card, ending with a wish that one day we can repay the favour or pass the good deed on.

On Thursday we had a final trip of the year to the Princess Diana Memorial Playground. We were lucky enough to have the whole place to ourselves and had an amazing time celebrating all our achievements throughout our time in Year One. Then we were joined by some of our parents for a delicious picnic lunch afterwards. What a fantastic way to finish our amazing year!

Reminders:

- **Tuesday 18th July** - Year One Graduation at **9:45am, St Luke's Church**
- **Thursday 20th July** - End of term, 1:30pm finish. No after school clubs.

Well done for an excellent week Year One. Have a wonderful weekend! 😊

Learning at Holy Trinity in Year 2
Friday 14th July 2023

Thank you for a beautiful week! A very big thank you to all our parents and carers who were able to join us this week on our beach visit. The day was a huge success. Thanks to your help, kindness and picnic supplies. It was such a joy to all be together and celebrate the wonderful year we have had. We so enjoyed our sandy games and ocean swims!

Following our trip we wrote a detailed recount of the natural and man-made features we spotted at the beach. For example, we found Mariam grass which supported the structure of sand dunes. Along with groyne that prevented the beach sand from moving.

In maths, we have been consolidating our understanding of telling the time to a five minute intervals. We are very happy with o'clock, quarter past, half past, and quarter to. Any things to do to continue to practice is at home would be very helpful.

We have finished our beautiful Joseph's coat and will begin to evaluate our design and technology project. We incorporated a range of appliqué using over and running stitch. Along with buttons and pockets. We are now evaluating our design and discussing our favourite parts and points of improvement.

During a computer lesson, we created a quiz, using scratch Junior and can transition between slides, generate an algorithm and answer a range of questions.

Next week we are graduating on Monday 17th of July. Please support your children in considering what they would like to say in their speeches.

A reminder that we will be finishing at 1:30 on Thursday.

Reminders:

Monday 17th Graduation **9.45** at St Luke's
Thursday 20th Last Day **1.30 finish**- no clubs

Have a great weekend!
Many thanks,
Miss Peach

Holy Trinity Amazon Wishlist

'A wish from year 2'

Learning at Holy Trinity in Year 3

Friday 14th July 2023

In **English**, we started our unit on traditional tales with a twist. We thought about what we remembered from the story 'The Three Little Pigs' before reading a story called 'The Three Little Wolves and the Big Bad Pig'. We then compared the two stories looking for the similarities and differences. We then looked at different versions of Little Red Riding Hood.

In **Maths**, we finished our Geometry unit by identifying the properties of 3D shapes and making 3D shapes. We then began our next unit 'Mass and Capacity' where we began by looking at scales.

In **RE**, we looked at another of Jesus' I am statements. This time we analysed the statement 'I am the way, the truth and the life.'

For **Reading** this week, we practised our comprehension skills. We practised identifying key information within the text and using this evidence to answer questions carefully.

A big thank you to everyone who attended our Graduation Ceremony this week. It was so wonderful to celebrate all of the children and their journey this year. Photos to follow next week.

Please **send your child to school with a bag on Tuesday, Wednesday and Thursday**, as we will begin to send home books next week.

Have a fabulous weekend 😊

Miss Quirke and the Year 3 Team.

End of Year 3 Treat – Clip and Climb, **Wednesday 19th July**

Learning at Holy Trinity in Year 4

Friday 14th July 2023

Highlights of this week include:

Maths

This week we:

- Scaled facts by 10 and 100 to derive answers from known facts.
- Answered correspondence problems such as n objects are connected to m
- Chose and carried out the most efficient methods to multiply.
- Reviewed learning from the multiplication and division unit.

► Complete the table to show the 8 possible combinations of flavours and toppings.

	Sauce	Wafer
Vanilla		VW
Chocolate		
Strawberry		SW
Lemon	LS	

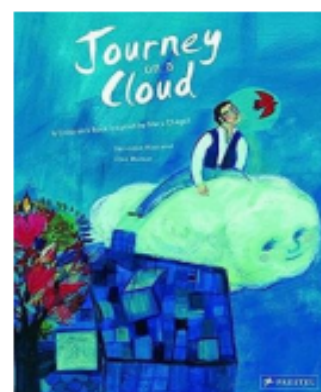

► What multiplication could you use to work out the total number of combinations?
How do you know?

English

Continuing with our unit on Lewis Carroll's poem 'Jabberwocky', we explored how poets manipulate words, answered questions using evidence from the text and rewrote parts of Jabberwocky.

Art:

This week children made some artistic decisions about how they will carry out their watercolours inspired by the book *Journey on a Cloud* that is based on the work of Marc Chagall. Choices relating to colour, scale and composition were taken and children considered how they want their audience to feel when viewing their final pieces.

PE:

This week Year 4 practised football and handball skills and this included plenty of fitness work.

Have a lovely weekend!

Learning in Year 5 at Holy Trinity
Friday 14th July 2023

Only one more week to go! How quickly this year has flown by. This week has been for winding down and completing the final part of our units.

In Maths, we continued learning how to convert metric units of measurement – millimetres to centimetres, centimetres to meters and meters to kilometres.

In Art, we finished our Batik artworks. We use bright coloured dyes to paint around the wax.

In Science this week we continued our learning on how human beings change as we grow up. We even looked at pictures of some of the teachers as babies, and we saw what Mr Link looked like when he was in Year 5!

In RE, we continued our local religions presentations, ready to present them next week.

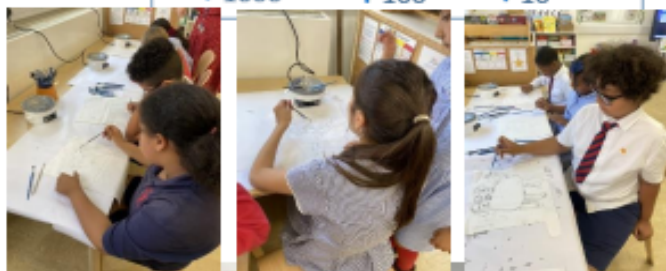

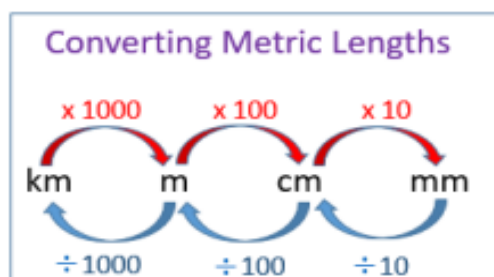

In Computing we made our programmable quizzes that we planned last week. We decided what our sprite would do if the answer was correct or incorrect.

This week, two of our students, Ryan and Nathan, hosted a Chess Tournament during lunch times for Year 3, Year 4 and Year 5. These boys planned the whole thing, designed posters and sign up sheets, oversaw the running of the games and organised the prize. Well done, boys! The participants really enjoyed themselves.

Reminders:

- **Monday 17th July - Greek Day**
Students will be able to dress up in Greek-inspired clothes. If you have not brought in your food item already, please could you do so on Monday.
- **Thursday 20th July - Last day of school 1:30pm**
Please provide plastic bags to your child for take home their completed school books.

Have a great weekend,
Miss Harman

**Learning in Year 6 at Holy Trinity
Friday 14th July 2023**

This week was our residential, where we visited South Downs YHA. Boarding the bus on Monday, we started off our activities with some outdoor art activities, followed by a beautiful hike of the South downs, observing a stunning view of the hills and Newhaven port. In the evening, we ventured out on another hike up the hill to watch the sunset.

On Tuesday, following our breakfast, we took the train to the beach, where we were very excited to see the sea and had lots of fun, dipping our feet in (some of us slightly more!) We then explored the ruins on the coastal walk and challenged each other to build the tallest rock tower! Following a lovely picnic lunch on the beach, we explored the beach, hunting for beach wash ups, finding lots of goodies, cuttlefish skeletons, shark and ray eggs, different types of seaweed and shells. In the evening we walked to the local village green and played games with Christ Church.

On our last day, we took part in team building activities. We started off by creating vessels to keep an egg safe. We had some wonderful creative safe and many of us were successful in keeping the egg untarnished! Our last activity was to use half pipes to transport a ball from one bucket down a line to the other. We also had the opportunity to use flint and steel to create fire!

Thursday was back to school for a busy day of learning! Thursday was back to school for a busy day of learning!

Have a restful weekend!
