**September 2023**

**Our shared vision for Christ Church & Holy Trinity Schools**

**We take inspiration from the Parable of the Sower (Matthew 13:3-23) teaching children to “See with their eyes, hear with their ears and understand with their hearts.”**

**Our schools are united in the Christian vision to educate children for life in all its fullness, working together so that each child may flourish with a delight in seeking wisdom and knowledge. We are learning to love God, one another and ourselves.**

**Our Federation Mission Statement**

Christ Church and Holy Trinity C of E Primary Schools (CCHT) are dedicated to providing a nurturing environment in which all children have the opportunities to reach their maximum academic and social and spiritual potential. Excellent teaching, learning and relationships are at the heart of all we do.

The Governors of CCHT C of E Primary Schools recognise their Health and Safety responsibilities and will take all reasonably practicable steps to address stress related issues in this school.

In dealing with the issues of stress in School the Governors will, to the best of their ability, ensure that the following systems are in place, understood and acted upon in an attempt to deal with a problem which is giving increasing cause for concern.

Aims

The School will:

- Ensure that the Stress Policy is brought to the attention of all staff who work in the school.
- Ensure that a School Risk Assessment is undertaken to identify the scope and causes of stress related to work and the findings shared with staff and the Governing Body.
- Implement control measures to minimise the risk of stress.
- Monitor and audit the arrangements in an effort to continuously improve the quality of the working environment and the implemented stress-minimisation arrangements.
- Encourage staff to report their views and to discuss stress-related issues with a member of the Senior Leadership Team.
- Ensure equality of treatment of staff.
- Ensure that individuals who have, or have had symptoms of stress-related illness are treated responsibly and fairly at an early stage; that confidentiality is ensured and that individual risk assessments are undertaken as necessary
- Consider job security, sick leave provision, retention of status etc in accordance with the rights of the individual to employment protection and in accordance with the School's Sickness Absence Policy.
- Establish a culture in School where stress is viewed as a serious issue rather than viewed as a personal weakness.
- nominate a member of the Senior Leadership Team to be responsible for the co-ordination of stress management in School.
- communicate effectively and 'manage change' in a sensitive and responsible manner.

**CCHT CE Primary Schools**  
**Health and Safety Policy APPENDIX**  
**Stress at Work Policy**  
**September 2023**

- review arrangements for managing stress on a regular basis or following changes in the School's Senior Leadership Team, organisation or structure.

**Stress Risk Assessment**

School Stress Risk Assessments will be undertaken following consultation with staff, considering the examples given in the policy.

The findings of the School Stress Risk Assessment will be communicated promptly to staff and the Governing Body.

Individual Risk Assessments will be undertaken for individuals who have, or have had symptoms of stress-related illness and these will be treated with appropriate confidentiality.

**Monitoring & Review**

Procedures for monitoring stress in School should be an integral management function and be the subject of a regular review. Changes to the School's Senior Leadership Team, organisation or structure should initiate a review of procedures.

**Statement of Individual's Responsibilities**

Individuals have a duty to co-operate with their employer in minimising, so far as is reasonably practicable, work-related stress. Individuals have a part to play in making reasonable adjustments to working practices which may have to change due to circumstances beyond the School's control.

Anyone who feels he/she is suffering from stress should, wherever possible, inform the Headteacher so that he/she will have an opportunity to resolve the problem.

If anyone feels unable to raise the matter with the Headteacher the Schools' Human Resources Team can be contacted for advice or their concern could be shared with a trusted colleague.

Individuals should also seek advice promptly from their union/professional association.

**Statement of the Headteacher's Responsibilities**

The Headteacher has a key role to play in considering the work load and health implications of decisions involving staff. It is recognised that the style of management adopted has an impact on stress levels amongst staff. It is the responsibility of headteachers to:

- ensure that adequate risk assessments are carried out to evaluate stress;
- ensure that sickness absence and staff turnover is regularly reviewed and monitored to identify any problem areas;
- be able to identify and respond to issues of work-related stress;
- be aware that stress is minimised in an organisation where there exists mutual trust, promotion of self-esteem, shared objectives and common goals;
- act on information/reports received from Schools' Human Resources.

**Statement of the Governors' Responsibilities**

Governors will

- give staff comprehensive and relevant information about work-related stress;
- put measures in place to prevent, so far as is practicable, work-related stress;
- ensure that adequate resources are in place to support the policy;
- review and monitor sickness absence levels and staff turnover.
